

*So you want to contact your local politician about issues surrounding nature? Great!*

*This is a super quick way to do so!*

## Step 1

The environment is a devolved issue, it is under the control of national governments. Therefore you need to contact your own local representative so you can be sure they know the specific rules/regulations of the area.

- 1.If you live in England, this is your local MP (Member of Parliament)
- 2.If you live in Scotland, this is your local MSP (Member of Scottish Parliament)
- 3.If you live in Wales, this is your local MS (Member of Senedd)
- 4.If you live in Northern Ireland, this is your local MLA (Members of the Legislative Assembly)

| Where you live   | Your representatives title |
|------------------|----------------------------|
| England          | MP                         |
| Scotland         | MSP                        |
| Wales            | MS                         |
| Northern Ireland | MLA                        |

## Step 2

**[WriteToThem.com](https://www.writetothem.com/)**

Find out who your local representative is by going to <https://www.writetothem.com/> and typing in your postcode. This will give you the name of your local representative (MP, MSP, MS or MLA) and their political party.

## Step 3

The next step is to write your letter. Luckily, we have created templates for you to use. In these template letters, you can choose to edit or remove any sections you want as well as add any relevant information. These are simply to give you a starting point to address certain issues.

The sections highlighted in green are those where specific details are required e.g. your name, the name of your representative etc.
